

American Standard®

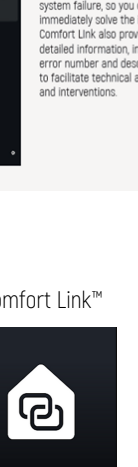

WATER HEATERS

Comfort Link™ Mobile App

American Standard Water Heaters proudly introduces the new Comfort Link mobile app. Designed to work seamlessly with our Hybrid Heat Pump Water Heater, the Comfort Link app provides full remote control. Once the product is connected to local Wi-Fi, the Comfort Link app allows you to:

- Turn the unit on and off
- Choose the working mode of the product
- Set and View the tank temperature settings
- Create custom schedules for your water heater operation
- See your energy usage patterns
- Troubleshoot the product using the error code history

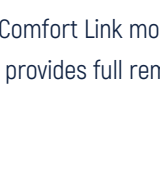

Available now on Android and Apple app stores.

The Comfort Link app.
Home gets smarter, life gets simpler.

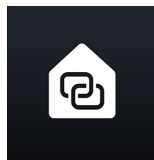

Manage the features and benefits of your water heater anywhere, anytime.
